Toddler Safety at a Glance (1-3 years old)

(<http://childsafetylink.ca/wp-content/uploads/2016/04/falls-prevention-toddler-recovered.jpg>)

Between 1 and 3 years old, your child may:

- climb higher, jump further and run faster
- explore areas that used to be out of reach
- play with things that are not toys
- be attracted to water
- copy the actions and reactions of other people

How You Can Keep Your Toddler Safe

We understand how overwhelming parenting can be, but you've got this! This resource will tell you how you can keep your toddler safe at home, on the road, and at play:
